

Table Creation Phase

Date	21 June 2025
Team ID	LTVIP2025TMID29726
Project Name	Asset Management Portal
Maximum Marks	4 Marks

Create Fields:

Once the table is created, we define specific fields to store asset attributes. These fields include:

- **Assigned To** (String): Person assigned to the asset.
- **Status** (Choice): Current status like Available, Damaged, Lost, etc.
- **Purchase Date** (Date): When the asset was bought.
- **Warranty Expire** (Date): When the asset warranty ends.
- **Asset Name** (String): Name/label of the asset.
- **Type** (Choice): Type of asset (Laptop, Phone, etc.).
- **Number** (String): Unique asset number.

These fields are critical for tracking the asset lifecycle efficiently.
