

Table Creation

Date	21 June 2025
Team ID	LTVIP2025TMID29726
Project Name	Asset Management Portal
Maximum Marks	4 Marks

Create Table:

We begin by creating a custom table named **Asset Inventory** under **System Definition → Tables** in ServiceNow. This table acts as the core data structure where all asset-related records will be stored. It helps centralize asset information for better visibility and tracking.

Table
New record

A table is a collection of records in the database. Each record corresponds to a row in a table, and each field on a record corresponds to a column in a table.
